

Part Time and Alternative Shift Talent Community

Machining and Production Schedules to Fit Your Life

At QPD, we recognize people are often looking for work solutions that fit your unique life needs. In addition to full time and standard Monday through Friday day shifts, we can frequently find job matches for people who are looking for part time and/or alternative shift opportunities.

Apply to the Part Time and Alternative Shift Talent Community, and our recruiting team will reach out to have a conversation.

Send your resume or an email inquiry to hr@qp.dev

HOW COULD YOU BENEFIT FROM A PART TIME AND/OR ALTERNATIVE SHIFT?

- Pick up extra hours in addition to your current part or full time job
- Earn more with differential wages on swing and weekend shifts
- Learn new skills to advance your career
- Flexible work schedule while you attend vocational school or college
- Reduce day care expenses
- Have more days off during the week to pursue your own interests
- Take care of a variety of family or other responsibilities

SHIFT AND SCHEDULE OPTIONS

Below are some examples of shifts and schedules we can discuss, but **we are not limited to these scenarios**. We are open to discuss your unique needs.

- **PART TIME.** We can consider anything from 4-36 hours per week. Benefits are available to employees working at least 30 hours per week.
- **SWING SHIFT.** Our full time swing shifts work Monday – Thursday, with option to work Fridays. Part and full time opportunities for many positions.
- **Can full time work for you?** Many of our full time positions are 4 day/10 hour shifts Monday-Thursday or 4 day/9 hour shifts Monday – Thursday plus a half day on Friday.

TYPES OF WORK AVAILABLE

Below are examples of the type of work we can consider for part time and/or alternative shifts.

- Mill and Lathe Machining – all skills levels
- Press Brake Operators
- Quality Inspection
- Various production positions
